Dr Heng Hwee Chuang | Adjunct Lecturer, East Asia School of Theology

- DMin Dallas Theological Seminary, USA, 2015
- Grad Teacher Diploma Evangelical Association, USA, 2015
- MACE Dallas Theological Seminary, USA, 1986

Hwee Chuang teaches Critical Thinking and Studies on Gender and Sexuality in Christian Ministry. Her passion is for Christians to be able to think critically about what the Bible teaches and to be able to answer theological questions that arise in the midst of the prevailing postmodern thinking and technological advances. She worships at Gospel Light Christian Church and serves with her husband @DigitalMission360 and a care group.

Jason Tamara Widjaja | Director of Artificial Intelligence and Responsible AI Lead Singapore Technology Centre, MSD(Merck)

- Double MBA and Masters Business Analytics University of Melbourne 2015
- Degree in Computer Science National University of Singapore
- Degree in Business Information Systems and Human Resources Management(1st Class honours) Middlesex University.

Jason leads large and diverse AI teams focused on AI technologies and products including NLP, chatbots and virtual assistants, computer vision and machine learning. Co-founder of Laurretta.io and a mentor to AI startups in partnership with local venture capital firms and as VP of the AI & Robotics chapter of the SG Computer Society.

A recognized thought leader, Jason is a certified AI Ethics & Governance (Expert) level professional and has spoken in major international conferences and has been featured in many publications. He actively contributes to multiple national initiatives including Singapore's skills framework for data careers, Singapore's AI Governance Framework, and is an author of Singapore's AI Ethics Body of Knowledge.

He worships at Kingdom City church.

Aaron Lee | Founder of OxBuooy

Aaron is currently the founder of OxBuooy Pte Ltd, a digital innovation startup focused on web3, serving companies across the digital fashion and media industry. Prior to this, he was part of the senior leadership teams in various healthcare startups, including Jaga-Me (Mobile Home Healthcare) and ORA Group (men's and women's health), and was a tech lead in Open Government Products (experimental division of GovTech Singapore).

He worships at Riverlife Church with his wife and two kids. And serves on the core leadership team of DigitalMission360 and Indigitous Singapore.

Patrick Bezalel | Artist & Owner, Patrick Bezalel Gallery

Patrick is a full-time faith-based, and a self-taught artist. He is widely versatile in hand-drawn digital hyper-realism, resin and acrylic/oil, VR painting, digital sculptures, and photography.

He has over 20 years of experience in the creative industry as a Creative Director in an agency and also in church full-time where he directed branding and animation projects, and creative/youth ministry. He also directed a 3D animation project for Jr. NBA. All his artworks are AR-enabled. Patrick and his wife Lily Lee have also launched their own NFT project called the Mehtaverse. You can learn all about Patrick, his artwork, and his NFT art over at <https://www.patrickbezalel.io/>

Mervyn Lee | Senior Audit Manager Technology, Citibank | Co-lead Indigitous Singapore

Mervyn co-leads the Indigitous Singapore chapter and is actively engaged in digital missions through partnerships with local churches and global missions organisations, which one of the highlights is #HACK, a global missional hackathon.

He is passionate about discipling through digital missions engagements and empowering the body of Christ to fulfil the Great Commission in the digital/technology space.

He worships at Bartley Christian Church.
